Children

\$2.3 million

Are you passionate about helping trafficked and at-risk children find safety and belonging?

Fully Fund Children to give 150 vulnerable boys and girls in desperate need of care a place of safety, free from the threat of trafficking.

Your life-changing gift will be directed toward the construction of spacious homes in which children can find healing, freedom and belonging.

Construction of the new homes will begin once funding targets have been reached—and your generosity will take us a critical step towards achieving this important goal.

Hundreds of boys and girls, some of them babies, come to 3 Angels Nepal's vulnerable children's homes from deeply traumatic backgrounds. The homes provide a place for them to receive life-giving care and support.

Overseen by qualified carers, the new homes will be a refuge where trafficked or at-risk children can find safety and belonging, form lifelong friendships—and have the freedom to be kids, free from the threat of trafficking.

These homes have been architecturally designed to withstand natural disasters, and to help foster friendship and community among the children, with a central village green and plenty of common spaces.

The homes are also uniquely configured to suit the varied demographics of children—from eight year olds to teens—and are designed to be adaptable should beneficiary needs change in the future.

Passive solar principles, incorporated into their design, will utilise the sun's energy to maintain a comfortable climate indoors and to keep energy costs low.

Thank you for considering fully funding Children. Your generosity will give vulnerable boys and girls beautiful homes in which to live, grow and thrive.

If your giving capacity is better suited to fully funding individual vulnerable children's homes, please ask your Partnership Manager for the relevant proposals.

While every endeavour is made to ensure price points accurately reflect program costs, fluctuations in exchange rates, cost of building materials and unforeseen global events may impact the financial cost of implementation. Therefore, all funds raised will be pooled to cover The Pokhara Project development as a whole. Give Freedom International also reserves the right to make adaptations to the Pokhara Project to respond to our Field Partners needs from time to time. We guarantee that 100% of your gift goes to the field.
