

EDUCATION

Classroom Sponsor

\$10,000

Are you passionate about empowering children to be all they can be?

As a Classroom Sponsor, you will inspire vulnerable children to discover a love for learning.

Your gift will be directed towards constructing a spacious, state-of-the-art classroom where children will be empowered with the skills to build a future free from trafficking.

Construction will begin once funding targets have been reached—and your generosity will take us a critical step towards achieving this important goal.

According to the United Nations Educational, Scientific and Cultural Organisation (UNESCO): Learners in supportive environments have high levels of self-efficacy and self-motivation and use learning as a primary transformative force.

Safe, nurturing environments are crucial for positive academic development, which is why The Pokhara Project will include comfortable, spacious classrooms, indoors and out, that inspire curiosity and are highly conducive to learning.

Each classroom will be customised and fit-for-purpose, with preschool to secondary school classrooms, science and computer labs, food technology and creative arts facilities, music rooms and more, providing the best learning experience.

Classroom additions such as integrated stores and bathroom facilities, taps, sinks, electrical and gas outlets, storage cupboards, built in countertops and more ensure that lessons are efficient, and that students and teachers have access to everything they need.

Secure rooftop spaces will offer a unique outdoor learning experience protected from monsoon rains and shaded from the summer sun.

All classrooms will benefit from passive solar principles that maximise the sun's light for efficient warming in cooler months. Well-placed structural shades will ensure consistent cooling on warm days.

Thank you for considering becoming a Classroom Sponsor. Your generosity will support children to receive a life-changing education in a safe and inspiring environment.

If you have the capacity to give more, we invite you to consider fully funding a specific classroom for \$90,000. Please ask your Partnership Manager for the full proposal.

While every endeavour is made to ensure price points accurately reflect program costs, fluctuations in exchange rates, cost of building materials and unforeseen global events may impact the financial cost of implementation. Therefore, all funds raised will be pooled to cover The Pokhara Project development as a whole. Give Freedom International also reserves the right to make adaptations to the Pokhara Project to respond to our Field Partners needs from time to time. We guarantee that 100% of your gift goes to the field.
