Education Advocate

\$5000

Are you passionate about supporting children to reach their potential?

As an Education Advocate, you will empower rescued and at-risk children in Nepal through access to education, ensuring their future is one of freedom and choice.

Your gift will be directed towards the construction of a new school campus where children will be offered opportunities that give them a future free from trafficking.

Construction of the new school will begin once funding targets have been reached—and your generosity will take us a critical step towards achieving this important goal.

Poverty plays a significant role in human trafficking. The poor are often the most vulnerable and the poorest of all are children. Education is key to escaping poverty but worldwide, one in every three victims of human trafficking is a school-aged child.

Forced to swap the classroom for unspeakable abuse, they leave behind the freedom and opportunity to choose a better, more fulfilled life for themselves.

Every child deserves an education. They deserve the chance to flourish and learn without fear or trauma.

Your support will give children access to education by helping to build a new school campus in Nepal with classrooms that will create space for hundreds of children, from preschool to year 12, to attend lessons six days a week. Importantly, the students will be a mix of previously trafficked children, those at risk of being trafficked, and fee-paying children from the surrounding community.

This intentional blend of backgrounds will help break down damaging caste barriers, bring children together as friends, and help create a generation free from prejudice and discrimination.

Thank you for considering becoming an Education Advocate. Your generosity will help ensure the futures of some of Nepal's most marginalised children.

While every endeavour is made to ensure price points accurately reflect program costs, fluctuations in exchange rates, cost of building materials and unforeseen global events may impact the financial cost of implementation. Therefore, all funds raised will be pooled to cover The Pokhara Project development as a whole. Give Freedom International also reserves the right to make adaptations to the Pokhara Project to respond to our Field Partners needs from time to time. We guarantee that 100% of your gift goes to the field.
