Lower Kindergarten Classroom

(ages 4 to 5)

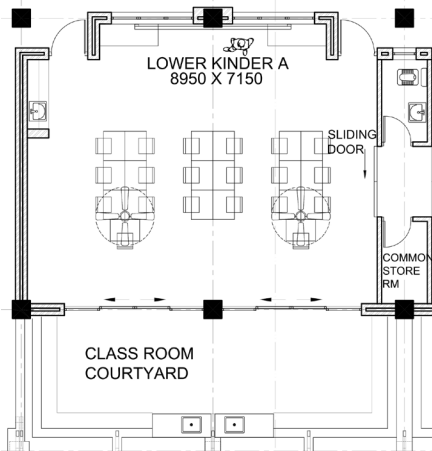

\$90,000

Fully funding the Lower Kindergarten Classroom will give children a firm foothold on the education ladder. Your gift will support the construction of a spacious classroom in which children aged 4 to 5 years old will be inspired to reach for a brighter future.

Features include:

- ✓ Teaching capacity for 26 students aged 4 to 5 years
- ✓ Spacious classroom of 47.79m²
- ✓ Access to bathroom facilities
- ✓ Attached secure courtyard
- ✓ All internal fixtures and fittings including integrated storage
- ✓ Fee-free placements for rescued and at-risk children

Construction of the new school will begin once funding targets have been reached—and your generosity will take us a critical step towards achieving this important goal.

The lower kindergarten classroom is positioned within the early childhood development area of the primary school campus, which is arranged around a central courtyard or village square known as a chautara.

The spacious classrooms comfortably accommodate 26 students and provide a safe space in which 4 to 5 year olds can learn valuable skills and encourage their curiosity.

Students will be a mix of rescued and at-risk children and fee-paying children from the surrounding community. This intentional blend of backgrounds will help dismantle damaging caste barriers, bring children together as friends and help create a generation free from prejudice and discrimination.

This lower kindergarten classroom is one of two built side-by-side with shared central bathroom facilities that make supervised comfort breaks for children easy and promote good hygiene practices.

At the rear of the classroom, sliding doors lead out to a shaded courtyard area for outdoor play and a secure breakout learning space.

The use of passive solar principles that utilise the sun's energy to warm and cool living spaces has been incorporated in the classroom's design to ensure comfortable temperatures indoors and outdoors, and to keep energy costs low.

Thank you for considering fully funding the Lower Kindergarten Classroom to support children's education. Your generosity will equip them with life-changing skills for the future.
