

EDUCATION

Primary School

\$1.5 million

Fully funding the Primary School will provide vulnerable children with the right educational foundations to create a future of freedom and choice. Your generous gift will be used to construct a primary school for nursery to primary aged children that will equip them to pursue a life free from trafficking.

Features include:

- ✓ Early childhood development classrooms from preschool up to year 1
- ✓ Primary classrooms for years 2 to 6
- ✓ Primary school library, computer and music room
- ✓ On-site bathroom facilities
- ✓ Passive solar design
- ✓ Fee-free placements for rescued and at-risk children

Construction of the new primary school will begin once funding targets have been reached—and your generosity will take us a critical step towards achieving this important goal.

The primary school will have two preschool rooms (known as Montessori nursery rooms in Nepal), four kindergarten classrooms (lower and upper kindergarten), two year 1 classrooms, and a combined library, computer room and music room positioned around a central courtyard or village square known as a chautara.

Set back from this early childhood development complex are classrooms for years 2 to 3, staff rooms and dedicated bathroom facilities.

Each spacious classroom accommodates up to 26 students and provides a safe space in which children are given the freedom to nurture their curiosity through age-appropriate activities, toys and resources.

Students will be a mix of rescued and at-risk children and fee-paying children from the surrounding community. This intentional blend of backgrounds will help dismantle damaging caste barriers, bring children together as friends and help create a generation free from prejudice and discrimination.

Children will have access to a primary school library, and computer and music rooms that will encourage their reading and tech skills, and foster hidden musical talent.

All rooms will benefit from passive solar principles that utilise the sun's energy to warm and cool living spaces, and keep energy costs low.

Thank you for considering fully funding the Primary School. Your incredible generosity will equip vulnerable children with the right foundations to create a bright future free from trafficking.

Please note: Every primary school classroom or facility funded will lower the overall fundraising target for the Primary School.

While every endeavour is made to ensure price points accurately reflect program costs, fluctuations in exchange rates, cost of building materials and unforeseen global events may impact the financial cost of implementation. Therefore, all funds raised will be pooled to cover The Pokhara Project development as a whole. Give Freedom International also reserves the right to make adaptations to the Pokhara Project to respond to our Field Partners needs from time to time. We guarantee that 100% of your gift goes to the field.
