

EDUCATION

Secondary School

\$2.5 million

Fully funding the Secondary School will give vulnerable children a life-changing higher education. Your gift will be used to construct a secondary school where 12 to 18 year olds will be empowered to reach their full potential and positively impact their lives through learning.

Features include:

- ✓ Teaching capacity for 400+ students aged 12 to 18 years
- ✓ Hospitality centre
- ✓ Computer labs
- ✓ Fully equipped science labs
- ✓ Creative arts studio
- ✓ Dedicated secondary school library
- ✓ Fee-free placements for rescued and at-risk children

Construction of the new secondary school will begin once funding targets have been reached—and your generosity will take us a critical step towards achieving this important goal.

Positioned across a wide green space from the primary school complex, the secondary school will consist of spacious classrooms that cater for ages 12 to 18 years and comfortably accommodate up to 30 students each.

The classrooms are spread across large buildings in close proximity to each other and to dedicated bathroom facilities for safe, comfortable and hygienic bathroom breaks.

Secondary school students will have the opportunity to learn vocational skills—including woodwork, welding and plumbing—to increase their employment opportunities.

A food tech and hospitality centre will support those interested in working in the local tourism industry to graduate into employment. It will also include a large cafeteria that will provide nutritious lunches and give students a chance to socialise across year groups.

Fully equipped science and computer labs, a dedicated library, and art and music rooms will encourage learning and nurture creative talent.

Importantly, students will be a mix of rescued and at-risk children and fee-paying children from the surrounding community. This intentional blend of backgrounds will help dismantle damaging caste barriers, bring children together as friends and help create a generation free from prejudice and discrimination.

Thank you for considering fully funding the Secondary School. Your generosity will change lives by empowering vulnerable children with a high school education that will positively shape their future.

Please note: Every secondary school classroom or facility funded will lower the overall fundraising target for the Secondary School.

While every endeavour is made to ensure price points accurately reflect program costs, fluctuations in exchange rates, cost of building materials and unforeseen global events may impact the financial cost of implementation. Therefore, all funds raised will be pooled to cover The Pokhara Project development as a whole. Give Freedom International also reserves the right to make adaptations to the Pokhara Project to respond to our Field Partners needs from time to time. We guarantee that 100% of your gift goes to the field.
