Sporting Sponsor

\$10,000

Are you passionate about supporting child development through outdoor play?

As a Sporting Sponsor, you will promote the holistic development of rescued and at-risk children in Nepal.

Your gift will be dedicated to constructing shared outdoor play areas and sports facilities of the new school campus that will build teamwork, trust and resilience in children.

Construction of the new facilities will begin once funding targets have been reached—and your generosity will take us a critical step towards achieving this important goal.

Sports play a crucial role in the holistic development of children. They improve confidence, fine and gross motor skills, and bone and ligament strength.

Sports also equip children and young people with crucial skills such as teamwork and good decision making. They enhance physical, mental and emotional health, and academic performance.

Currently, 3 Angels Nepal have no sports facilities or green recreational spaces available as part of their rented properties. Your support will give children access to secure, zoned outdoor play areas for different age groups to interact and be active.

A spacious sports store will safely house all equipment, keep it within easy reach and protect it from the elements.

Students will be introduced to new games including basketball, badminton, soccer, cricket and volleyball. They will nurture untapped sporting potential and reap the powerful benefits of working together through play.

Thank you for considering becoming a Sporting Sponsor. Your generosity will enable children to flourish holistically—physically and socio-emotionally.

If you have the capacity to give more, we invite you to consider fully funding all sporting facilities for \$50,000. Please ask your Partnership Manager for the full proposal.
