

WATER &  
SANITATION

## WaSH Advocate

\$5000

**Are you passionate about the basic human right of access to clean water and sanitation?**

As a Water and Sanitation (WaSH) Advocate, you will enable rescued and at-risk women and children in Nepal to have access to clean water and hygiene facilities.

Your gift will be directed towards the construction of water and sanitation infrastructure that will radically reduce waterborne diseases, ensuring a future of wholeness and wellbeing.

Construction will begin once funding targets have been reached—and your generosity will take us a critical step towards achieving this important goal.

Clean water, basic toilets and good hygiene practices are essential for survival. Without these basic necessities, the lives of millions of women and children in Nepal are at risk.

Integrated throughout the design of The Pokhara Project are state-of-the-art water, sanitation and hygiene facilities for women and children to use.

An on-site borehole, drilled by engineers and that taps into a natural spring, will pump fresh, clean drinking water throughout the buildings.

Clean, private sanitation facilities will feature in all buildings, and there will be accessible toilet blocks and hand washing stations for the women and children.

A decentralised wastewater treatment system (DEWATS) will also provide sustainable treatment of grey water (from

showers, sinks, or laundry machines) and black water (sewerage) on site.

This water and sanitation infrastructure will be vital to promoting life, wholeness and wellbeing in the women and children using the new facilities.

**Thank you for considering becoming a WaSH Advocate. Your generosity will give women and children access to life-giving clean water and hygiene facilities, empowering them to protect their health and to thrive.**

**Ready to give?**

*While every endeavour is made to ensure price points accurately reflect program costs, fluctuations in exchange rates, cost of building materials and unforeseen global events may impact the financial cost of implementation. Therefore, all funds raised will be pooled to cover The Pokhara Project development as a whole. Give Freedom International also reserves the right to make adaptations to the Pokhara Project to respond to our Field Partners needs from time to time. We guarantee that 100% of your gift goes to the field.*
