

WOMEN

Tailoring Studio

\$50,000

Fully funding the Tailoring Studio will equip survivors of trafficking with income-generating skills to become financially independent. Your gift will be used to construct a commercial tailoring studio to provide women and girls with vocational training that will empower them to face the future with confidence.

Features include:

- ✓ Capacity to expand the tailoring program
- ✓ Electrical outlets for all equipment
- ✓ Access to bathroom and storage facilities
- ✓ Space for training and commercial sewing
- ✓ All internal fixtures and fittings
- ✓ Passive solar design

Construction of the new tailoring studio will begin once funding targets have been reached—and your generosity will take us a critical step towards achieving this important goal.

The women's safe haven will provide up to 40 women and girls at a time with a home, medical care, counselling, legal assistance, vocational training and a strong encouraging community that will support them through their recovery.

As they begin to feel safe again and the scars of their exploitation slowly fade, the emphasis of their healing turns to empowerment.

Equipping women with vocational skills so they can graduate into employment and thrive in the community, is one proven way to address a key contributing factor to human trafficking: poverty.

The semi-basement floor of the new safe haven will house vocational training facilities that include a tailoring studio. As a vocational training program, tailoring is already well established by 3 Angels Nepal. This new space will give our Field Partner greater capacity to improve and expand the training.

The spacious studio will be used to teach women the industry standard of tailoring that can be applied to a broad range of fabrics and patterns. The studio will also produce uniforms for students attending the new school campus.

Money generated from tailoring will provide an income for the women and a percentage of the profits will also be invested back into the vocational training program by 3 Angels Nepal.

The studio will also benefit from passive solar design that utilises the sun's energy to warm and cool living spaces.

Thank you for considering fully funding the Tailoring Studio. Your generosity will ensure that vulnerable women and girls are equipped with the skills to create a future free from trafficking.
