## Vulnerable Children's Homes: Get Us Over the Line

**\$150,000**

**Are you passionate about helping trafficked children find safety and belonging?**

Fully funding the gap for Vulnerable Children's Homes will secure a place of safety, free from the threat of trafficking, for children in desperate need of care.

Your gift will provide the remaining funds needed to build two dedicated houses in which girls can find healing, freedom and belonging.

Construction will begin once funding targets have been reached—and your generosity will take us a critical step towards achieving this important goal.

Āśā House and Māyā House are two spacious homes located side-by-side within a dedicated, freestanding building that is positioned in a more private area of the campus with other vulnerable children's homes.

The homes have been architecturally designed to help foster friendship and a sense of community among children, with a central village green and plenty of shared community spaces.

The layout of the homes is also designed to be flexible and adaptable to the current and future needs of 3 Angels Nepal and their beneficiaries.

Āśā House and Māyā House will offer communal areas for socialising and learning, shared facilities such as a laundry and bathrooms, and private spaces that include separate bedrooms for the children and carers.

Each house can accommodate up to 10 girls at any given time and will be run on a home-based model of care. Practically, this means two qualified carers—or house parents—will

always be on hand to provide the girls with loving support and guidance.

Passive solar principles, incorporated into the building's design, will utilise the sun's energy to maintain a comfortable temperature indoors, and to keep energy costs low.

A rise in the cost of building materials has increased the construction price of these vulnerable children's homes which the funding gap will cover.

In Nepali, Āśā means hope and Māyā means love.

**Thank you for considering fully funding the gap for Āśā House and Māyā House. Your generosity will get us over the line and guarantee a beautiful space for vulnerable children in which they can live, laugh, thrive and just be kids.**

*While every endeavour is made to ensure price points accurately reflect program costs, fluctuations in exchange rates, cost of building materials and unforeseen global events may impact the financial cost of implementation. Therefore, all funds raised will be pooled to cover The Pokhara Project development as a whole. Give Freedom International also reserves the right to make adaptations to the Pokhara Project to respond to our Field Partners needs from time to time. We guarantee that 100% of your gift goes to the field.*
