## Primary Staff Room

**\$100,000**

[funding still needed  
from \$150,000]\*

**Are you passionate about empowering teachers to provide high quality education?**

By fully funding the Primary Staff Room, you will provide educators with a comfortable and restorative space.

Your gift will go toward a spacious, well-equipped room where teaching staff can work, hold meetings and pool knowledge to provide children with the best teaching experience.

Construction will begin once funding targets have been reached—and your generosity will take us a critical step towards achieving this important goal.

\*\$50,000 of \$150,000 funding target already gifted.

As part of the primary school complex, the primary staff room is positioned near the year 2, 3, 4, 5 and 6 classrooms, with easy access to the kindergarten.

The ample, comfortable room will provide a space in which teachers can work and hold meetings. There will be tables, lounges for a more comfortable working experience, and a fully functional kitchenette.

Two sliding doors lead out to a large, shaded courtyard for a secure breakout meeting space.

The use of passive solar principles that utilise the sun's energy to warm and cool living spaces has been incorporated in the teachers staff room design to ensure comfortable temperatures indoors and outdoors, and to keep energy costs low.

**Thank you for considering fully funding the Primary Staff Room to support teachers. Your generosity will equip them to provide children with the best possible education.**
