Double Chamber Septic Tank

\$19,751

Are you passionate about empowering health through sanitation?

By fully funding the Double Chamber Septic Tank, you will help rescued and at-risk women and children in Nepal stay healthy.

Your gift will provide the 3 Angels Nepal school with a well-constructed septic tank that will promote good sanitation practices and ensure their health and wellbeing.

Construction will begin once funding targets have been reached—and your generosity will take us a critical step towards achieving this important goal.

Running through the entire Pokhara Project will be state-of-the-art sanitation and hygiene facilities for the women and children to use.

Clean, private sanitation facilities will feature in all buildings and there will be accessible toilet blocks and hand washing stations for the women and children.

A decentralised wastewater treatment system (DEWATS) will ensure appropriate management of wastewater (including sewerage) in an environmentally safe way. This passive wastewater treatment method is effective, affordable and low maintenance.

As part of DEWATS, the double chamber septic tank will serve the school and will be built by engineers to be safe for those living and working at The Pokhara Project and for the environment.

The Pokhara Project's sanitation infrastructure will be core to restoring life, health and dignity to the women and children who desperately need it.

Thank you for considering fully funding the Double Chamber Septic Tank. Your incredible generosity will provide women and children with access to hygienic sanitation facilities and a clean environment that will holistically promote good health and wellbeing.

While every endeavour is made to ensure price points accurately reflect program costs, fluctuations in exchange rates, cost of building materials and unforeseen global events may impact the financial cost of implementation. Therefore, all funds raised will be pooled to cover The Pokhara Project development as a whole. Give Freedom International also reserves the right to make adaptations to the Pokhara Project to respond to our Field Partners needs from time to time. We guarantee that 100% of your gift goes to the field.
