

Where We Have Come From

Looking to the future feels even more exciting when we realise just how far we've come. This past financial year has been one of incredible progress.

> Give Freedom Foundation Established to Secure Operational Funding: Growing our Give Freedom Foundation to cover administrative costs and power our 100% Giving Model.

Riverworks are Complete: Stabilising the 250-metre stretch of the Seti River adjacent to The Pokhara Project site to provide erosion protection and sturdy earthquakeproof foundations.

Pivot to Staged Approach: Stage 1 Construction is the first exciting step to completing The Pokhara Project as a whole.

Establishing Strong Foundations: Building comprehensive policies, systems, practices and resources, and an agile team of experts.

Program Funding: Completing comprehensive resources for every aspect of The Pokhara Project to share with all supporters, donors and partners, and grow funding for the project. All funds raised go to the field.

The Pokhara Project Launch: Developing dedicated Pokhara Project resources that will be leveraged to expand our donor base and share the need with all supporters.

Where We Are Going

Exciting times are ahead as we prepare to move towards starting construction of Stage 1 of The Pokhara Project. Fundamental to the success of The Pokhara Project is the need to expand our networks and our donor base.

Great things can never be achieved alone so thank you for walking alongside us and for sharing our work and passion with others.

None of us, including me, ever do great things. But we can all do small things, with great love, and together we can do something wonderful.
